Parent Orientation

Partnering for a Bright Beginning

The Parent Orientation Programme at Shraddha Little Champs marked the beginning of a meaningful partnership between parents and the school. The session warmly welcomed our Kindergarten families and introduced them to the nurturing environment that awaits their children.

The programme commenced with the welcome address by the Head Mistress emphasised the importance of a strong school-home partnership for a child's holistic development. Parents were introduced to the school's vision, values, curriculum, teaching methodology, and the holistic approach followed in Kindergarten.

Teachers' Introduction

Open Discussion Session

The orientation concluded with a message of gratitude, reinforcing that education is most successful when parents and teachers work together with mutual trust for the holistic development of the children.

New Curriculum

Introducing the Oxford Advantage Curriculum

This academic year marks an exciting milestone for the Kindergarten Department at Shraddha Little Champs with the introduction of the Oxford Advantage Curriculum. Carefully designed to meet the learning needs of young children, this innovative curriculum combines academic excellence with engaging, age-appropriate activities that foster curiosity, creativity, and confidence.

At Shraddha Little Champs, the Oxford Advantage Curriculum will be implemented through the STEAM (Science, Technology, Engineering, Arts, and Mathematics) approach, enabling our young learners to explore concepts through inquiry, creativity, hands-on activities, and real-world experiences.

Holistic Child Development

The key areas of holistic development include:

- **Cognitive Development:** Thinking, problem-solving, memory, and language skills.
- **Physical Development:** Gross and fine motor skills, coordination, health, and fitness.
- **Social Development:** Sharing, teamwork, communication, and building friendships.
- **Emotional Development:** Self-awareness, confidence, empathy, and managing emotions.
- **Creative Development:** Imagination, art, music, dance, and self-expression.
- **Moral & Value Development:** Kindness, responsibility, respect, and good habits.

Story Time

A Journey Beyond the Classroom

To make Story Time more engaging and enriching, the sessions are conducted by a teacher from another class instead of the homeroom teacher. This unique initiative gives children the opportunity to interact with different teachers, helping them become comfortable with new faces and build confidence in diverse learning environments.

Storytime

An illustration of an open book with a blue cover and white pages, surrounded by several yellow four-pointed stars. The book is positioned above the word 'Storytime'.

Through expressive storytelling and interactive discussions, students develop listening skills, expand their vocabulary, and strengthen their imagination and creativity.

Library Time

Little Readers, Big Dreams

Turning pages, sparking imaginations, and nurturing young readers—Library Time inspires a lifelong love for books and learning.

Physical Activity

Nurturing Healthy and Active Learners

Shraddha Little Champs is delighted to introduce a dedicated Physical Education (PT) Teacher exclusively for the Kindergarten campus.

By integrating regular physical activity into the daily routine, we strive to nurture happy, healthy, and energetic learners who are well-equipped for both academic success and holistic development.

Free Play

Dance & Music

Music and dance sessions inspire creativity, improve coordination, boost confidence, and encourage children to express themselves through rhythm and movement.

Expressing Through Music & Movement

Through rhythm, movement, songs, and creative expression, children enhance their coordination, confidence, communication, and self-expression. Dance and music also support cognitive, emotional, and social development while fostering creativity, teamwork, and a love for the performing arts.

Yoga Day

International Yoga Day Celebration

The school joyfully celebrated International Yoga Day with the enthusiastic participation of parents and children. The session highlighted the importance of yoga in promoting physical health, mental well-being, and healthy habits from an early age.

Yellow Day

A Celebration of Happiness

Children celebrated Yellow Day with great enthusiasm, dressed in bright yellow outfits and participated in fun-filled activities that explored the colour through art, storytelling, songs, and games. The celebration made learning joyful while fostering creativity and confidence.

As part of the Yellow Day celebration, children took part in a fun Show and Tell session, proudly sharing and speaking about their favourite yellow toys.

* Activity -
* Break

* Circle Time - Yellow day
* Literacy - Learning
* Activity - Palm print (Chi)
* Break

The Yellow Day celebration became even more special as children brought delicious yellow foods, promoting healthy food choices and color recognition.

Experiential Learning – Yellow Day

Our little learners explored the colour yellow through exciting hands-on activities, sensory play, and creative experiences. These engaging activities enhanced their observation skills, creativity, fine motor development, and understanding of the colour yellow in a fun and interactive way.

Hands-on Learning

Children enthusiastically participated in a yellow palm-print activity, creating beautiful artwork while exploring colours through touch and creativity. This fun-filled experience strengthened their fine motor skills, sensory awareness, and self-expression.

Concept Learning

Concepts Through Play-Based STEAM Activities

Parents' Workshop

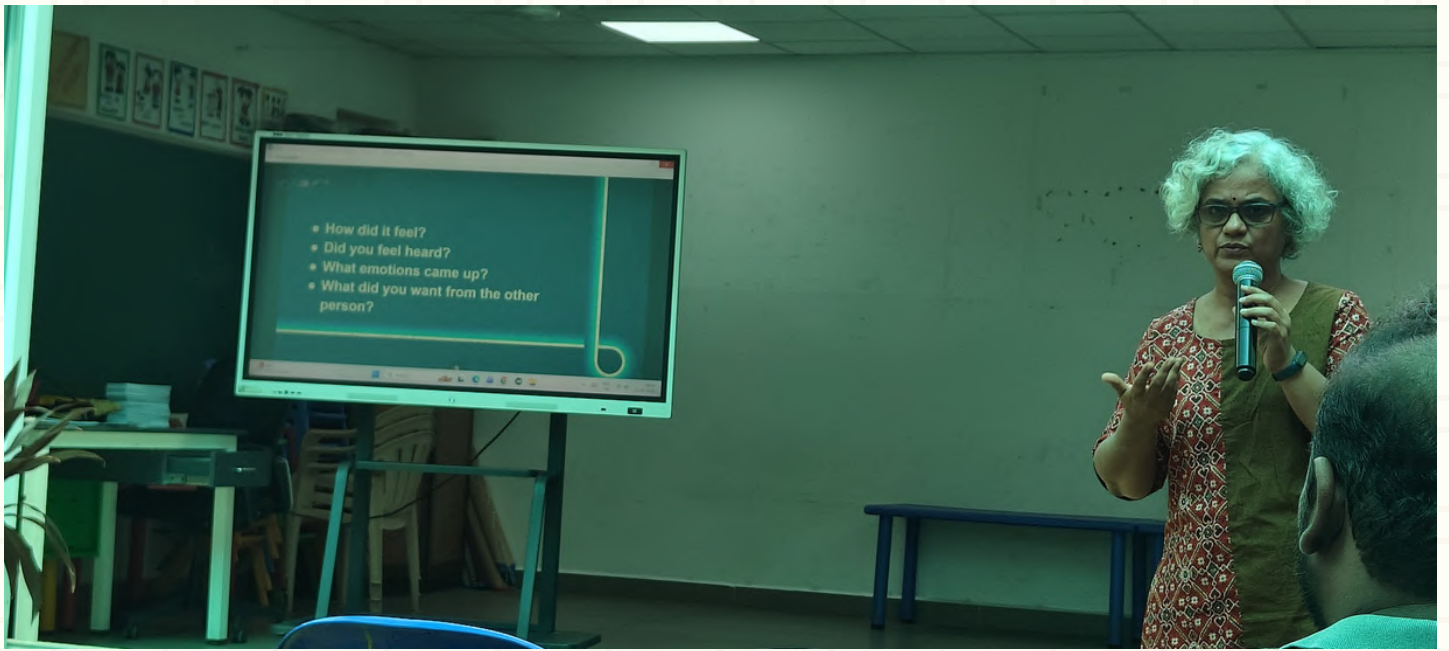

The Parents' Workshop focused on the important topic of Screen Time for Children. The counsellor addressed the challenges of parenting and dependence on screens now. The session provided practical strategies to help parents reduce screen dependency by introducing engaging alternatives.

The workshop concluded with an interactive session, during which parents shared their experiences, expressed their concerns, and had their queries addressed by the counsellor.

Riddle

I am yellow in colour and Monkeys
love to eat me,
What am I?
