Morning Assembly

Our little learners began their day with joyful and meaningful morning assemblies. Children participated in prayers, action songs, rhymes and thought-provoking conversations.

Every assembly encouraged children to build confidence, practise good habits and learn something new. They listened, responded and shared their ideas during interactive sessions.

Teachers enacted an engaging “Blue Fox” story during the assembly as part of the Blue Day celebration. The fun storytelling session helped children explore the colour blue through an entertaining and interactive experience.

Independence Day Special Assembly

Little Patriots, Big Pride!

Our special Independence Day assembly was filled with patriotic spirit and joyful learning. Some of our KG children dressed up as freedom fighters and participated actively in the assembly.

They learnt about India, our National Flag and important National Symbols through an age-appropriate presentation. Patriotic songs, rhymes and simple conversations made the session engaging and meaningful.

INDEPENDENCE DAY

It was a wonderful learning experience that nurtured pride, respect and love for our country.

Independence Day Colouring Competition

Colouring with Pride!

Our little artists enjoyed a fun and creative colouring activity based on India's National Fruit, National Bird, and National Animal.

Each child expressed creativity in their own unique way. Certificates were awarded to the 1st, 2nd and 3rd prize winners for their creativity and wonderful efforts.

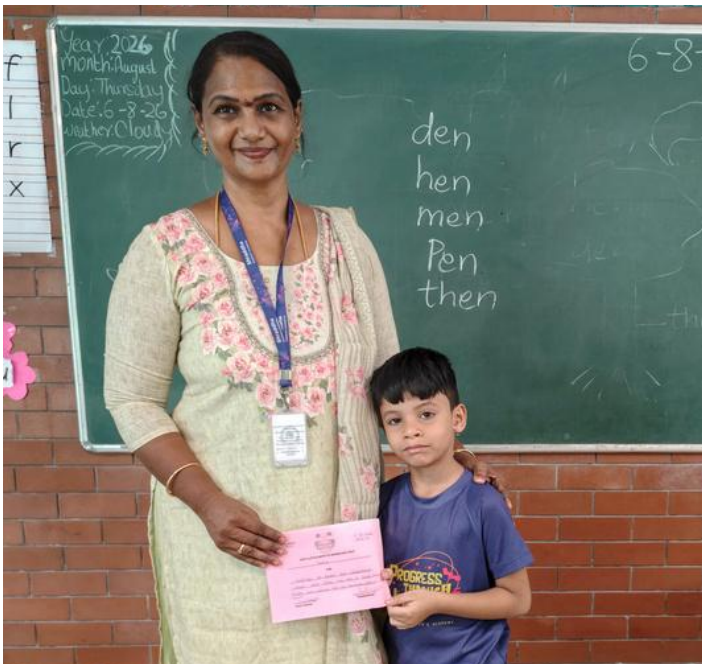

Kudos Card

Little Stars of the Month!

Celebrating our little learners for their kindness, curiosity, participation and wonderful efforts in the classroom

SATTVA - DREAM BIG

Interschool Competition

Sattva, our vibrant Interschool Competition, was held on 22nd August 2026, bringing together 300+ young participants from 18 schools in and around Kottivakkam.

The event began with a warm welcome, followed by Tamil Thai Vazhthu and the School Song. The ceremonial lighting of the lamp was led by Ms. Padmaja, Principal and Ms. Krithika, Headmistress. The gathering was addressed by Ms. Krithika, Headmistress, followed by an introduction to our Chief Guest, Ms. Tejaswini Vijay, theatre artist and filmmaker. The UKG children added charm to the inauguration with a lively Welcome Dance.

CASIO

With creativity, confidence, imagination, and teamwork shining throughout the day, three prizes were awarded in each category. Every participant received a certificate of participation. The celebration concluded with Ramachandra Public School winning the Overall Trophy.

Sattva 2026 was a wonderful celebration of young talent, bringing together children from different schools to learn, compete, create, and shine!

Onam Celebration

Our little learners celebrated Onam with great joy and enthusiasm. The children were introduced to the rich traditions and cultural significance of this beautiful harvest festival through age-appropriate activities.

Galaxy S23 Ultra

As part of our Onam celebrations, children brought flowers and carefully separated the petals. They joyfully used the colourful petals to create a beautiful Pookolam, showcasing their creativity, teamwork, and love for traditional celebrations.

EMPOWERING THE WOMEN OF
TAMIL NADU

They enjoyed creating colourful Pookalam, learning about traditional Onam celebrations, and participating in fun classroom activities.

A joyful celebration of culture, colours, creativity, and togetherness!

Blue Day

Little Stars Shining in blue

Our little stars dressed up in beautiful shades of blue and brightened the day with their cheerful smiles. The adorable class photograph captured their joy, togetherness, and excitement as they celebrated Blue Day in style

Paper Plate Shark Craft

Our PreKG and Playgroup children enjoyed a fun-filled shark activity, creating little sharks while exploring the theme of the colour blue.

Handprint Hanging Bells

LKG children turned their little handprints into colourful hanging bells using lovely shades of blue.

Little Scientists

Exploring the Colour Blue Through Experiments

UKG children enjoyed an exciting “Ghost Fire Experiment”, observing the magical transformation and sparking their curiosity through hands-on learning.

Rainwater Experiment

UKG children explored how clouds become heavy with water droplets and observed how rain falls from the clouds through a simple and engaging Blue Day experiment

Raising Water Experiment

Children watched with curiosity as the water rose during the experiment, turning a simple observation into an exciting learning experience.

Dancing Rice

The dancing rice experiment brought smiles and excitement as children explored the magic of movement.

Children proudly presented their favourite objects and shared their thoughts with their friends, building confidence and communication skills through an engaging Show and Tell session.

CLASS ACTIVITIES

Circle Time

Circle time brought our little learners together for joyful conversations.

Children enjoyed answering questions and expressing their thoughts. Songs, rhymes and action activities made circle time lively and engaging.

During circle time, children practised numbers through clapping and participated in simple knee exercises by following the teacher's movements. These fun activities helped develop their counting skills, rhythm, coordination, listening and body awareness while keeping the learning session active and joyful.

Literacy

Children explored letters, sounds, vocabulary, stories and pre-writing skills through engaging activities suitable for their age group.

Vowel and Consonants

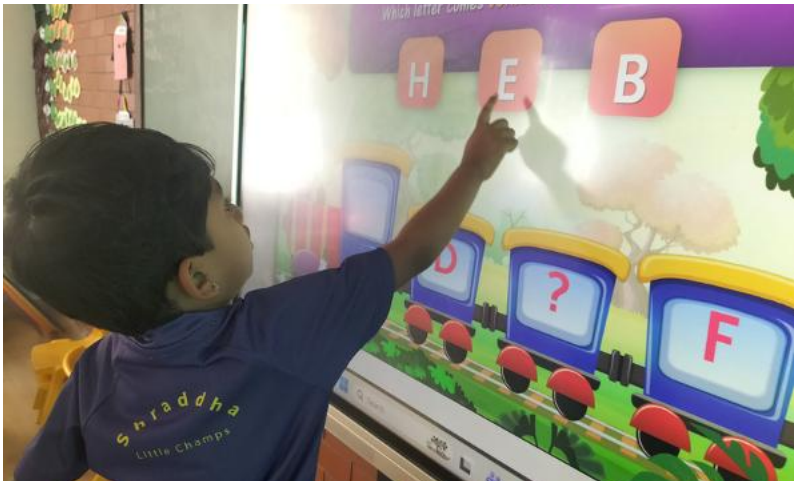

Children explored vowels and consonants through fun and engaging activities, identifying letters and strengthening their early phonics skills.

Phonics –
Beginning Sounds Association

Children explored beginning sounds through a fun object-association game. They identified familiar objects and matched them with their corresponding initial sounds, making phonics learning interactive, engaging and enjoyable.

Exploring the sounds of O and N

Math

Number Identification and Sequencing

Children participated in a number identification activity by finding number cards and identifying the numbers. They then arranged the number cards in the correct numerical sequence. This hands-on activity encouraged children to recognise numbers, understand their order and develop sequencing skills

Missing Numbers

Children explored missing numbers through fun and engaging activities. They identified the numbers that were missing from a sequence and filled in the blanks correctly. This activity helped children strengthen their number recognition, counting skills, and logical thinking.

Grouping Activity

Children participated in a hands-on grouping and counting activity using familiar objects and learning resources.

Aa
Bb
Cc
Dd

Number Correspondence

Children matched each number with the correct quantity of objects.
This activity helped strengthen number recognition, counting and one-to-one correspondence skills.

Tall and Short

Children arranged objects into tall and short groups through a hands-on activity.

They observed and compared objects of different heights. They observed and compared objects of different heights and identified which objects were tall and which were short. This engaging activity helped develop their observation, comparison skills.

Few and Many

Children picked objects from a given group and arranged them into “few” and “many” groups. This hands-on activity helped children develop their counting, observation, comparison and classification skills in a fun and engaging way.

General Awareness

Family Chart Wall

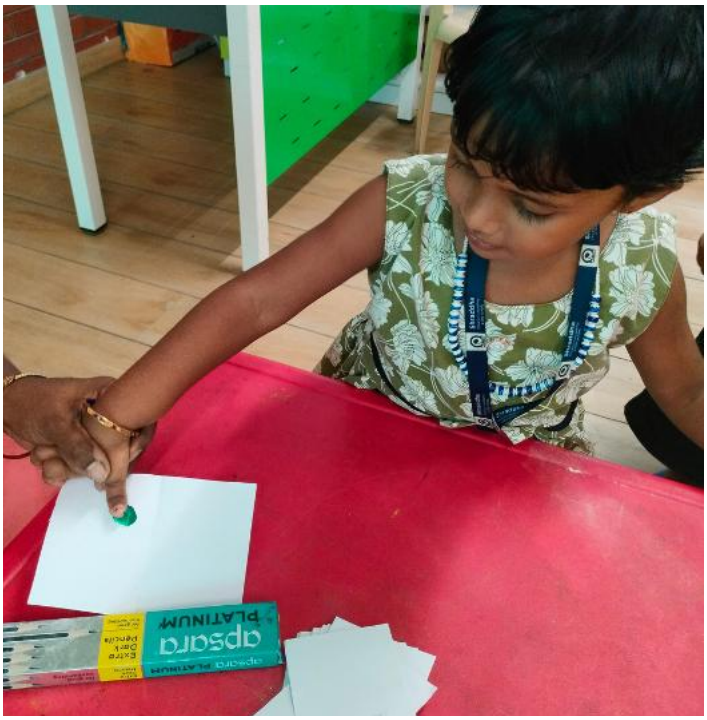

Children selected a family photo and talked about their family members. They shared their experiences and expressed their thoughts about their loved ones. They then created a Family Chart Wall by displaying their family pictures, making the classroom a warm and meaningful space to celebrate their families.

Family Greeting Card

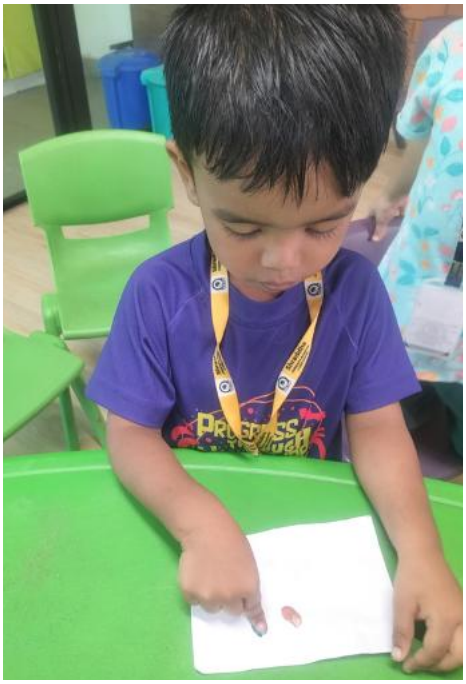

Children created colourful family greeting card using thumbprints, turning their fingerprints into creative keepsakes.This fun and hands-on activity encouraged children to express their love and affection for their families.

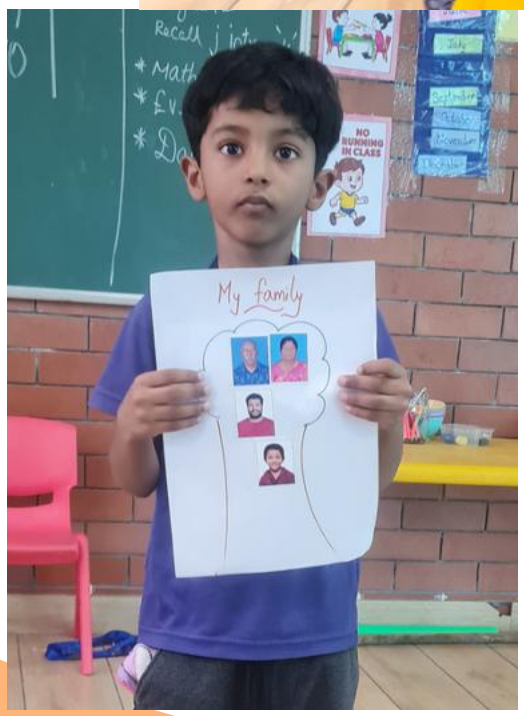

Family Tree

Children created their own family trees using pictures of their family members. As they arranged the pictures, they spoke about the people who are special to them. The activity encouraged children to recognise family relationships and celebrate the uniqueness of their families.

Body Parts and Their Uses

Children explored different body parts and learned about their uses through fun and interactive activities. They identified body parts such as the eyes, ears, nose, mouth, hands, and legs and learned how each helps us in our daily activities. This activity helped children develop body awareness, build vocabulary, and understand the functions of different body parts.

Sense Organs

Children matched the sense organs and learned about their different functions while developing their recognition and observation skills.

Cleaning Activity

Children participated in a fun cleaning activity and learned how they can help their family members with simple household tasks. The activity encouraged a sense of responsibility, cooperation, and independence while developing the habit of keeping their surroundings clean.

MILITARY

PROGRESS
THROUGH
KNOWLEDGE

Children learned the importance of keeping their belongings clean and organised, developing responsibility and good self-care habits.

Fine Motor Activities

Little Hands at Work

Children engaged in fun, hands-on fine motor activities that strengthened their finger muscles, improved hand-eye coordination, and developed pencil control.

CLAY FUN

Children rolled, pressed, and moulded clay into different shapes. This hands-on activity helped strengthen their finger muscles, improve hand control, and develop fine motor skills

Peg Activity

Children used cloth pegs to pick up colourful pom-poms and drop them into a bowl. This fun activity helped strengthen their finger muscles and improve hand-eye coordination.

GIORGIO ARMANI
