Navratri Celebration

Grandparents Day
Explore, Discover and Learn!

Onam Celebration

The kindergarten children joyfully celebrated Onam, with great enthusiasm and cheer.

A beautiful pookalam(floral rangoli) was created with vibrant flowers, adding colour and charm to the celebration.

Children eagerly participated in preparing the pookalam by separating the flower petals.

Tiny fingers sorting the petals...

Little hands at group work!

The sorted petals were arranged to make a beautiful design.

The event reflected the spirit of togetherness and gave a memorable experience for the young learners.

Fancy Dress Competition

Fancy dress competition was a delightful event where our little ones came dressed in creative and colourful costumes.

Children proudly portrayed different community helpers.

The role play nurtured creativity and helped the children to express their thoughts and emotions.

The activity helped the children to communicate effectively and use expressive language.

The competition encouraged self-expression, confidence and imagination- helping children learn while having fun!

Their enthusiasm and innocence brought life to the event, making it a memorable experience for everyone.

The children were happy receiving their certificates for the competition.

Blue Bash Day

Blue colour day was celebrated with great enthusiasm as the children decorated the front door with shades of blue.

The children and the teachers in the environment, gathered to celebrate the day with songs, rhymes and story and made the day vibrant and lively.

The classroom was filled with blue objects which the children sourced from their home.

Children did fun activities like colouring, sorting blue items, art and craft work which helped them in identifying the colour - blue.

The activities enhanced their observation skills and learn colour association in an enjoyable way.

Navratri Celebration

It was a fun-filled day as the children were dressed in their traditional attire and enjoyed singing and learning the cultural significance of the celebration.

To understand the true value of the festival and togetherness, the children were encouraged to share their snacks with their friends.

Children beautifully danced to the festive beats with Dandiya sticks and their faces glowed with happy smiles.

Grandparents Day

The day was a beautiful reminder that grandparents are the guiding stars and endless source of love in every child's life.

Fun games and shared moments filled the day with laughter, warmth and togetherness.

Explore, Discover and Learn!

This approach helps to create a lifelong love for learning. The children here are trying to find out what sinks and what floats!

The activity created a curiosity among children to try with different objects.

Children learned the concept of long and short by comparing objects and observing through touch and feel.

**Children learned the number names in class
and also learnt it by playing it as a game.**

Concept Based Learning

Children did a dabbing activity for the transport theme.

Structured Games

The guided play, helps children to improve their motor skills, follow rules and learn to take turns.

Outdoor free play

Outdoor free play gives children freedom to explore, imagine and connect with nature. The time spent outdoors helps develop their physical strength, coordination and social skills.

Calming activity

Calming activities like sitting in silence, walking on a line or focussed walk with a bell in hand, helps children to manage their emotions, focus their attention and build self-control.

Field Trip

A field trip to a sports shop...

Children played games and learnt about sports equipments during their visit.
