**ORANGE DAY  
CHILDREN'S DAY  
ASSEMBLY  
CLASSROOM ACTIVITIES  
OUTDOOR PLAY**

# Happy Orange Day

**It was a wonderful opportunity for the children to learn about the vibrant orange color with orange-themed attire**

**Our little learners came dressed in orange outfits, carry orange objects, and participated in exciting activities.**

# *Pumpkin* **TREAT**

**Using the vibrant orange paint, the children designed a pumpkin with their handprints.**

**Say Cheese!**

## Bubble Wrap Printing

# OUR LITTLE ORANGE CANDIES

**Capturing the best memories!**

# CHILDREN'S DAY

**A day filled with tiny smiles, big laughter, and endless joy**

# SHADOW PUPPET

**A special day brings a special treat—a shadow puppet show that lets children discover stories in a unique and engaging way.**

**The children watched the puppet show with great curiosity.**

**Dancing, playing, and fun moments... that what  
Children's Day is all about!**

# ASSEMBLY

**The little ones always start the day with songs, stories, and smiles.**

# ***Circle Time***

**It is a special moment when children gather together to share, listen, and learn as a group. Through songs, stories, conversations, and simple activities, Circle Time encourages children to express themselves, follow routines, and start the day with joy and togetherness.**

# CLASSROOM ACTIVITIES

**From creative art and craft sessions to storytelling, music, and movement, each activity supports their physical, social, emotional, and cognitive growth.**

## FINE MOTOR SKILLS:

## **GROSS MOTOR SKILLS:**

**Gross motor skills help children perform big movements like running, jumping, climbing, and balancing. In kindergarten, activities that build gross motor skills support physical strength, coordination, and overall body control. These skills are essential for children's healthy growth, active play, and confidence in moving through their environment.**

# NUMERACY

**These playful, hands-on experiences strengthen logical thinking, problem-solving abilities, and confidence with basic math concepts.**

# PUZZLES

As children match shapes, colors, and pieces, they learn to observe carefully, think logically, and stay patient.

GOOD  
job

**Through fun, hands-on tasks, children learn the value of teamwork and develop confidence in interacting with their peers.**

**Those tiny hands create  
colorful prints that make  
every day brighter.**

**Let's learn together**

## Exploring sizes as they build a tower

**Upper Kindergarten children building vocabulary and expressing their ideas with confidence**

## Hands-on activities to learn prepositions

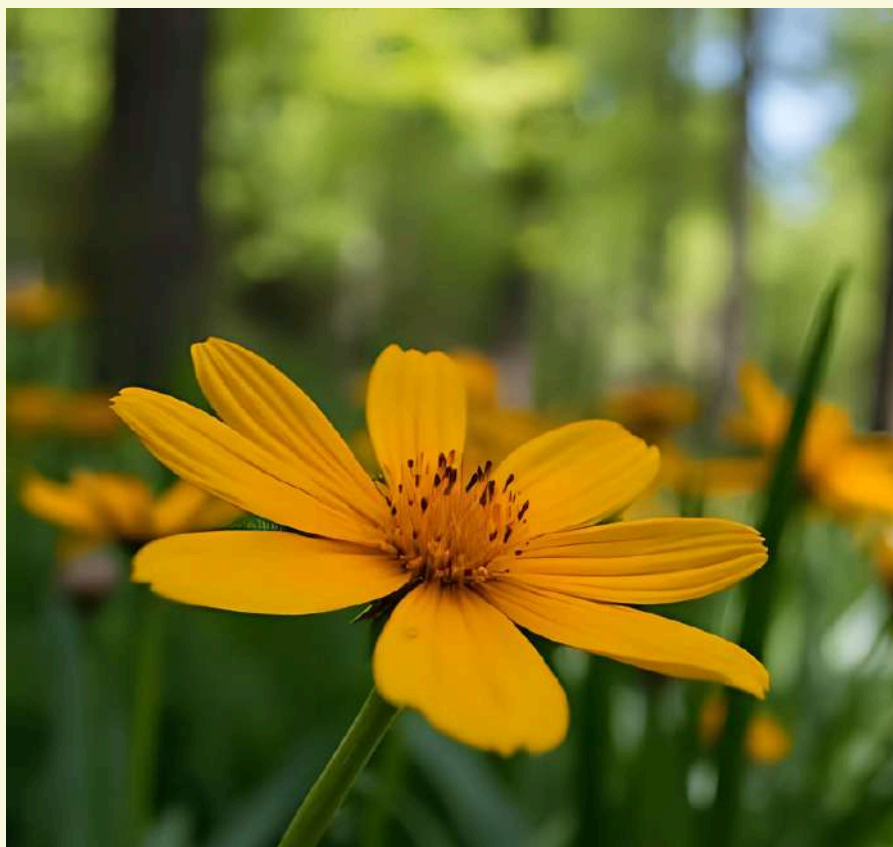

# ***OUTDOOR*** *PLAY*

**Outdoor games in kindergarten provide children with the space to explore, run, and play freely while developing important physical and social skills. Activities like running, jumping, balancing, ball games also teach children cooperation, turn-taking, communication, and problem-solving as they interact with their friends. Outdoor play encourages curiosity, confidence, and joy, making it an essential part of a child's learning and growth in kindergarten.**

Simple teamplay help strengthen their muscles, improve coordination, and overall fitness

*quick*  
**WIN**

# smart *move*

**Learning not only happens inside the classroom but also during structured playtime, where children build a competitive spirit and positive mindset.**

# KID'S CORNER

## Spot the difference

## Riddle for the month

What has to be broken before you can use it?

## Let's Explore

### Magic Floating:

- Place a paper clip on a tiny piece of tissue.
- Gently set it on the water.
- The tissue sinks, and the paper clip floats – like magic!

# IMPRINTS SLC

## HIGHLIGHTS OF GRADE 1 & 2

Shraddha Children's Academy provides a comprehensive academic foundation and instills a love for learning. These imprints are to inform the school community about activities and events, connect with parents, students, and staff to foster a sense of community. It aims to keep parents and students informed about important dates for school trips, meetings, assemblies, and other activities. This provides opportunities for students to discover their potential and become self-dependent.

## Assembly

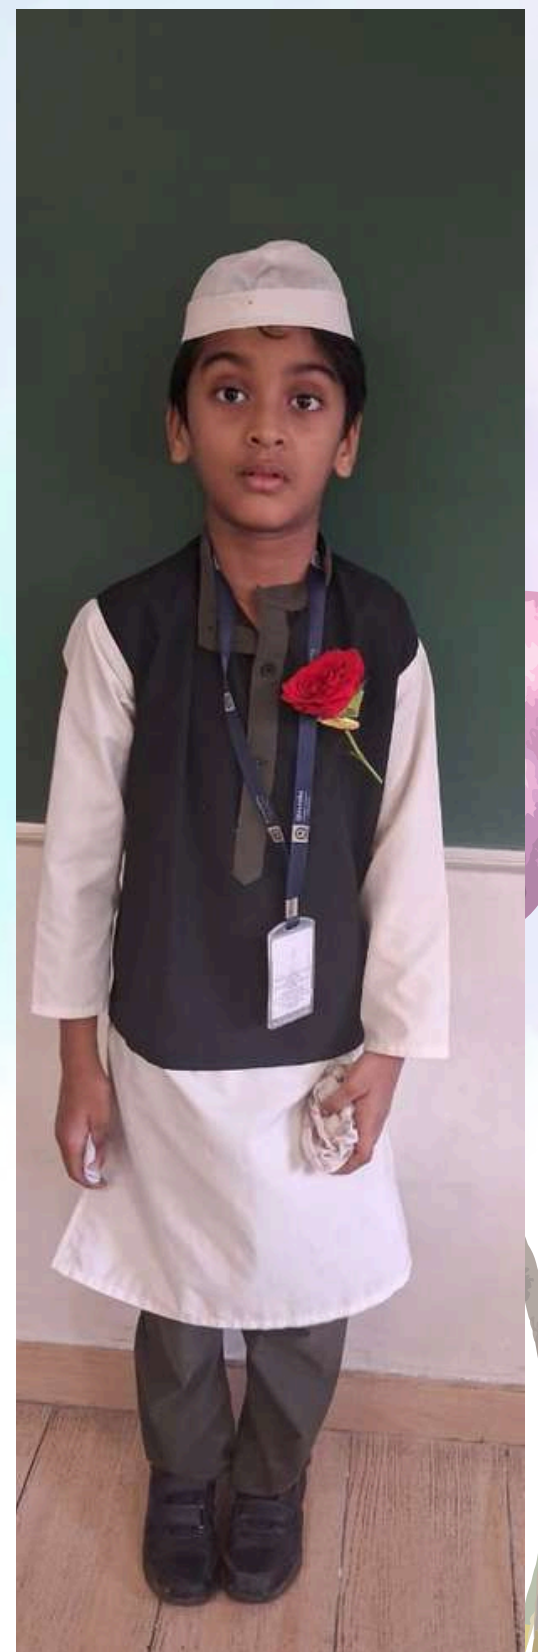

School assemblies play a vital role in the overall development of children aged 3 to 8 by fostering a sense of community, discipline, and learning. They bring students together, creating a feeling of belonging and unity within the school. Assemblies help instill moral values such as kindness, respect, and honesty through stories, songs, and discussions. They also provide young children with opportunities to develop confidence by participating in activities like singing, reciting poems, and performing skits, which enhance their public speaking skills. Additionally, assemblies promote listening and learning skills, encouraging focus and comprehension. Special assemblies on cultural and national events introduce children to diversity and traditions, awareness and appreciation. Moreover, they establish a sense of routine and discipline, teaching the importance of punctuality and structured learning. Overall, school assemblies serve as a platform for both personal and social growth, making them an essential part of early education.

## CHILDREN'S DAY CELEBRATION

Children's Day is a special day where our kids are the heroes and the day includes celebrating childhood joy and innocence, raising awareness about children's rights, and promoting their education, health, and well-being. It also aims to encourage skills like creativity and leadership, remind society of its responsibility to nurture children, and advocate for a future with equal opportunities for all children. The day also serves as a reminder to society of its collective responsibility to nurture and protect the younger generation.

## NATURE WALK

Nature walk activity is an extended learning of our classroom interaction, includes improving physical and mental well-being, fostering environmental awareness and enhancing observation and critical thinking skills through sensory engagement. This activity helps the students to develop a connection with nature and that promotes a love for the outdoors. This also includes encouraging social interaction, or developing cognitive skills like numeracy and literacy.
