INDEPENDENCE DAY

Our little learners enjoyed a fun and meaningful “Colouring Our National Symbols” activity. They explored some of India’s important national symbols, such as the National Flag, National Animal, National Bird, National Flower, and National Emblem. Through colouring, the children learned to identify these symbols while expressing their creativity and developing their fine motor skills. The activity helped our young learners develop a sense of pride, love, and respect for our beautiful country, India.

INDEPENDENCE DAY

INDEPENDENCE DAY

Our LKG little ones celebrated Independence Day on August 13th with great joy and patriotic spirit. Dressed in the beautiful tricolour shades of orange, white, and green, they also brought healthy snacks inspired by the theme. The children enthusiastically coloured and proudly wore their national flag badges. They enjoyed learning interesting facts about India, its national symbols, and leaders. The celebration concluded with a proud salute to the National Flag and singing of the National Anthem.

SOW & GROW – GROWING FENUGREEK SEEDS

Our little gardeners had a wonderful hands-on experience with our “Sow & Grow” activity! The children planted fenugreek (methi) seeds and watered them gently, and observed them as they began to sprout and grow.

Through this activity, the children learned that plants need soil, water, sunlight, and care to grow. They excitedly watched their tiny seeds turn into green sprouts, developing curiosity and an understanding of how plants grow.

The activity encouraged responsibility, patience, observation skills, and love for nature, while making learning fun and meaningful.

ONAM POOKALAM

Our little ones celebrated the vibrant festival of Onam with joy and enthusiasm! As part of the celebration, the children were introduced to the beautiful Kerala tradition of creating a Pookalam – a colourful floral rangoli.

The children enjoyed arranging colourful flowers to create their own beautiful Pookalam. Through this hands-on activity, they learned about Kerala's rich culture and traditions while developing their creativity, teamwork, and fine motor skills.

The colourful flowers, happy faces, and little hands working together made the celebration a joyful and memorable experience for our young learners.

ONAM— CREATING POOKALAM

ONAM CREATING POOKALAM

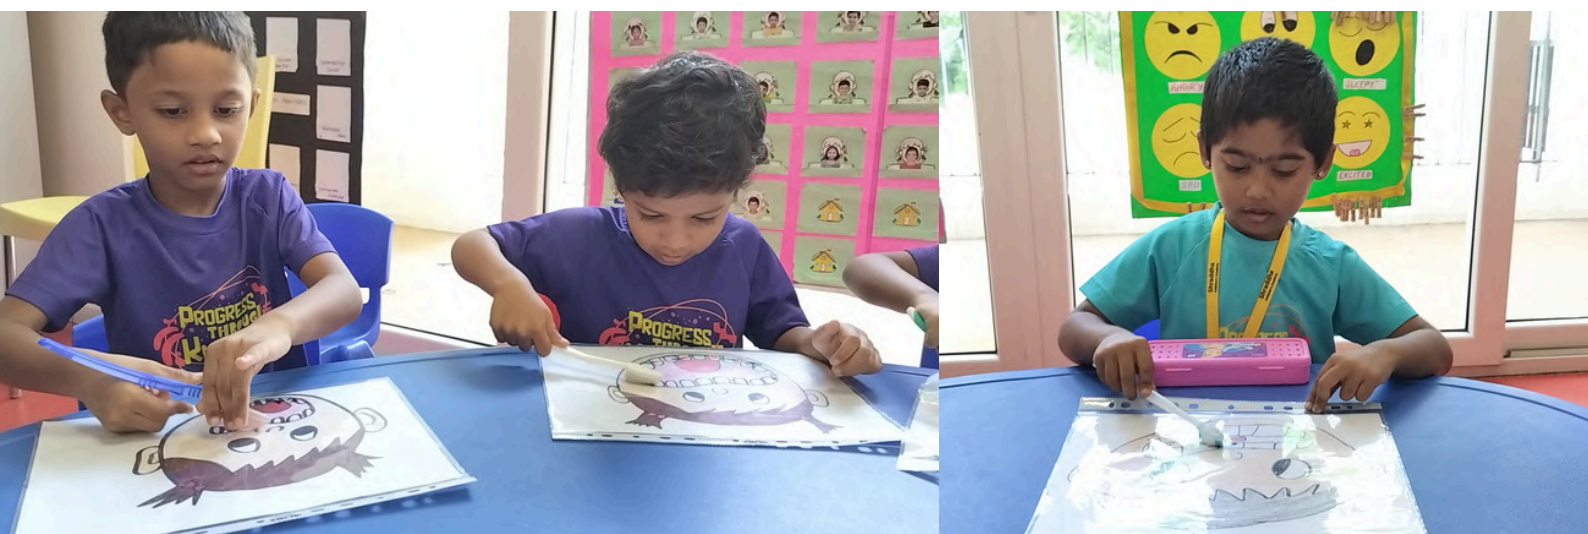

HAPPY TEETH, HAPPY ME

BRUSHING ACTIVITY

As part of our “All About Me” theme, our LKG children participated in an engaging hands-on brushing activity that made learning about self-care fun and meaningful. The children enthusiastically brushed away pretend germs from the teeth, discovering how regular brushing helps keep our teeth clean and healthy. Through this activity, they learned the importance of brushing twice a day, maintaining good oral hygiene, and following clean and healthy habits. The experience helped them understand that taking care of their body is an important part of taking care of themselves. With lots of excitement and cheerful smiles, our little learners enjoyed learning how simple daily habits can help them stay healthy, fresh, and happy!

MY FAVOURITE TOY DAY

As part of our “All About Me” theme, our PKG children celebrated a fun and exciting “My Favourite Toy Day”! The little learners brought their favourite toys from home and enthusiastically shared them with their friends. They spoke about their toys, describing their names, colours, shapes, and what they liked most about them. Through this engaging activity, the children developed their communication and speaking skills while building confidence to express their thoughts in front of others. They also learned to listen patiently when their friends shared about their favourite toys. The activity created a joyful and interactive learning experience, allowing our little learners to express their interests, share their happiness, and celebrate the things that make them special!

MY FAVOURITE TOY DAY

TEAR AND PASTE COMPETITION

Our little learners participated in an exciting and creative “Tear and Paste” Competition celebrating the colours of our National Flag! The children brought tricolour paper and enthusiastically tore the papers into small pieces and carefully pasted them within the outline of the flag. Through this engaging activity, the children explored the beautiful colours of our National Flag while developing their fine motor skills, hand-eye coordination, concentration, and creativity. As they patiently arranged the pieces to complete their flags, they experienced the joy of creating something colourful with their own little hands. The activity was a wonderful blend of creativity and learning, helping our young learners develop a sense of pride, love, and respect for our country while enjoying a fun and meaningful experience!
