Moving Forward Together: KG Orientation Day

Our KG Orientation Day provided an essential opportunity to connect, share expectations, and prepare for the exciting school year ahead. The goal of this orientation was to introduce the respective teachers, map out the upcoming school year, address all key questions, and establish a strong foundation for each child's success.

A Bright Beginning: First Day of Kindergarten!

The big day has finally arrived! Our hallways were filled with the sound of eager footsteps, bright-eyed smiles, and the undeniable energy of a brand-new school year. The opening day was all about comfort, connection, and confidence. Our focus was on helping every child feel safe, seen, and excited about their new learning home.

The Settle Down: Tuning for Time

We are officially transitioning from the excitement of the first few days into our important "settling-in" phase. This period is all about building stamina, establishing predictable routines, and helping our young learners feel completely secure in their new school environment.

Our settling-in period was filled with hands-on fun to help the children transition smoothly. They explored their creativity through clay molding, coloring, and a memorable palm printing activity. Daily circle time established comforting routines with songs and stories, while playtime and fun group activities allowed everyone to practice sharing and build their very first kindergarten friendships.

Little Yogis: Celebrating Yoga Day!

Our little yogis celebrated Yoga Day with a morning of mindfulness, movement, and fun! The children stretched like tall trees, barked in downward dog, and fluttered their wings in butterfly poses. We practiced deep "balloon breathing" to calm our minds, making it a wonderful day focused on balance, flexibility, and healthy habits.

A Green Birthday Celebration!

Our school grounds have received a wonderful new addition thanks to a beautiful gesture from one of our students! To celebrate his birthday, Ayan Shaz generously donated a young sapling to the school. Shraddha, always welcomes this kind of practice, as it adds fresh life to our campus and beautifully connects student milestones with environmental care.

Upcoming Events for the month of

July

SUN	MON	TUE	WED	THU	FRI	SAT
			1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
